

Dearest friends and supporters,

September, 2023

Thank you for your generous support this month. I am humbled by your faithful generosity.

Miltinnie surprised me on my 77th birthday by inviting about 34 men, who had been in a Bible study with me sometime in the past, to our home for the weekend. Many stayed in a hotel nearby, some with my daughter, Christie, and husband. It was a very touching and sobering time for me to see everyone, some from the East Coast, one from Australia, one from Hong Kong, and a couple from Texas. From my point of view, it was very God-glorifying (what He has done with a puny life) and very edifying for the men in attendance because they got to meet one another personally and hear first-hand about how they grew in Christ from our Bible studies. Miltinnie would not let them bring their wives to the party because the program (which lasted for the weekend) was designed for the men to share intimately about their own growth with God. **If I had died at that moment, I felt like my life would have been complete, totally meaningful, and fulfilling.**

The irony is that my entire life has been a gift from God. He has caused all things that I have experienced, all the friends that I have made, and even all the opportunities I have had to share the Gospel and teach His Word. **It's been "His" life** from my birth in New York City, to my upbringing in Iowa and Hawaii, to my meeting Walt Henrichsen and many of you. Thank you for your investment in my life.
