

God Is Working Through You

We always enjoy hearing from friends of Jesus Film Project who use the film “JESUS” in their personal ministries. This report is from Phil who lives in California.

“I regularly give out DVDs of the ‘JESUS’ film. I explain that the DVD has the most watched and most translated film in history, recognized by Guinness World Records. When I tell them that ‘JESUS’ is also the most accurate film ever produced on the life of Jesus, they light up and want to watch. I have had people accept the DVD in tears. One man from Egypt kissed the DVD saying I had made his day. Others say

being offered the DVD is a divine appointment, and they promise to watch with their families. I've only been turned down once!

“A few years ago, I felt moved to ship a box of 100 DVDs to friends who were at a timeshare hotel in Mexico. The shipping charge was \$125, but I felt compelled. Later, I found out why. First, my friends happily told me that a maid at their hotel had watched and believed, then another and another. Hotel staff began coming to them asking if they could have a DVD, sharing how the film had greatly impacted them. In all, 25 people came to Christ! I was amazed. Then came the latest report.

“The wife called us with the news. ‘You will not believe what God has done. The hotel staff [was] so excited to tell me that 5,000 people in their city have now come to Christ, and they have established five churches! And once a month, those five churches hold a crusade at a local stadium, winning others to Christ.’ It all started with giving out the DVDs. We are so grateful.”

People are ready, open, if someone will share the gospel with them. If you would like to order your own multi-language DVDs at a very reasonable cost, please visit www.jesuskfilmshop.com. You can also lead people to Christ by sharing the Jesus Film Project app. It's an incredible tool. Just search your phone's app store for “Jesus Film Project.” Join us in giving thanks to Him.
